

8- Instruments for Rubber dam isolation (Operative III)

Rubber dam sheets (medium)	
R.D template	

winged Clamps + wingless clamps of (anterior- molar- premolar)		Anterior clamp	 Winged	 Wingless
		Premolar clamp	 Winged	 Wingless
		Molar clamp	 Winged	 Wingless
Clamp Forceps				
R.D punch				

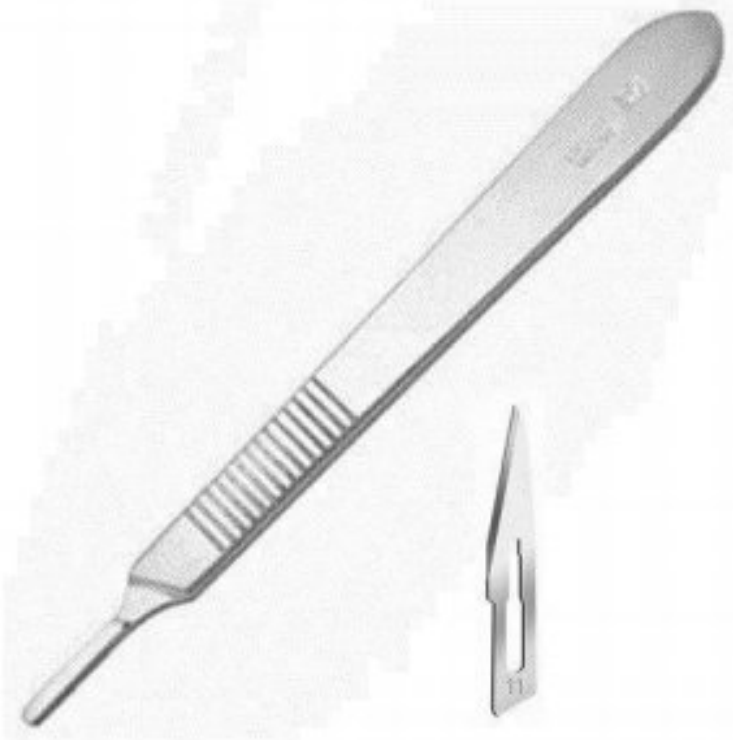

R.D metal Frame	
Glycerin	
Brush	

Dental floss	
Elastic wedges	
Teflon	
Liquidam	

9-Instruments for Direct Composite restoration (Operative III)

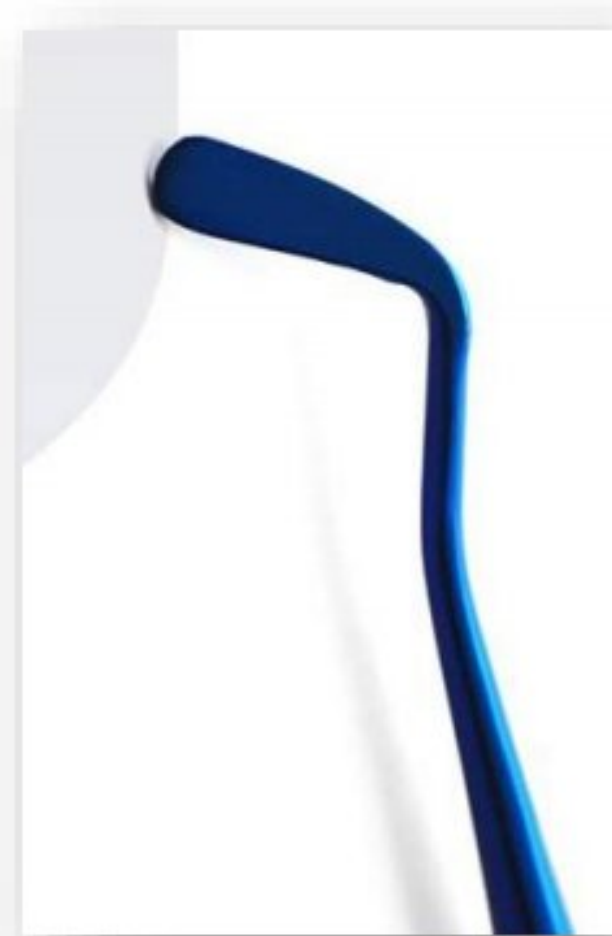

37% phosphoric acid etching gel	 The image shows a white syringe with a blue plunger and a label that reads "37% phosphoric acid ETCHANT GEL Silica-Free 50ml". Next to the syringe are several clear plastic applicators and a pile of small blue caps.
Bonding agent	 The image shows a black and white bottle of Dentsply Sirona Prime&Bond universal adhesive. The label on the bottle reads "Dentsply Sirona Prime&Bond universal™ Universal Adhesive".
Microbrush	 The image shows a green Microbrush applicator and its packaging. The packaging is a green and white tube with the brand name "Microbrush" and "REGULAR SIZE" printed on it. A circular inset shows a close-up of the brush tip, with the text "Regular size shown enlarged" below it.

Packable Composite resin restoration shade A1, A2 & A3 or (Composite Kit)	
Composite compule E1, D1, D3	
compule gun	
Flowable composite resin restoration shade A3	

light Curing Device (With control of : different modes – different time - with carries detector mode (optional))	
Heavy Putty and light body impression material	
scalpel - blade	

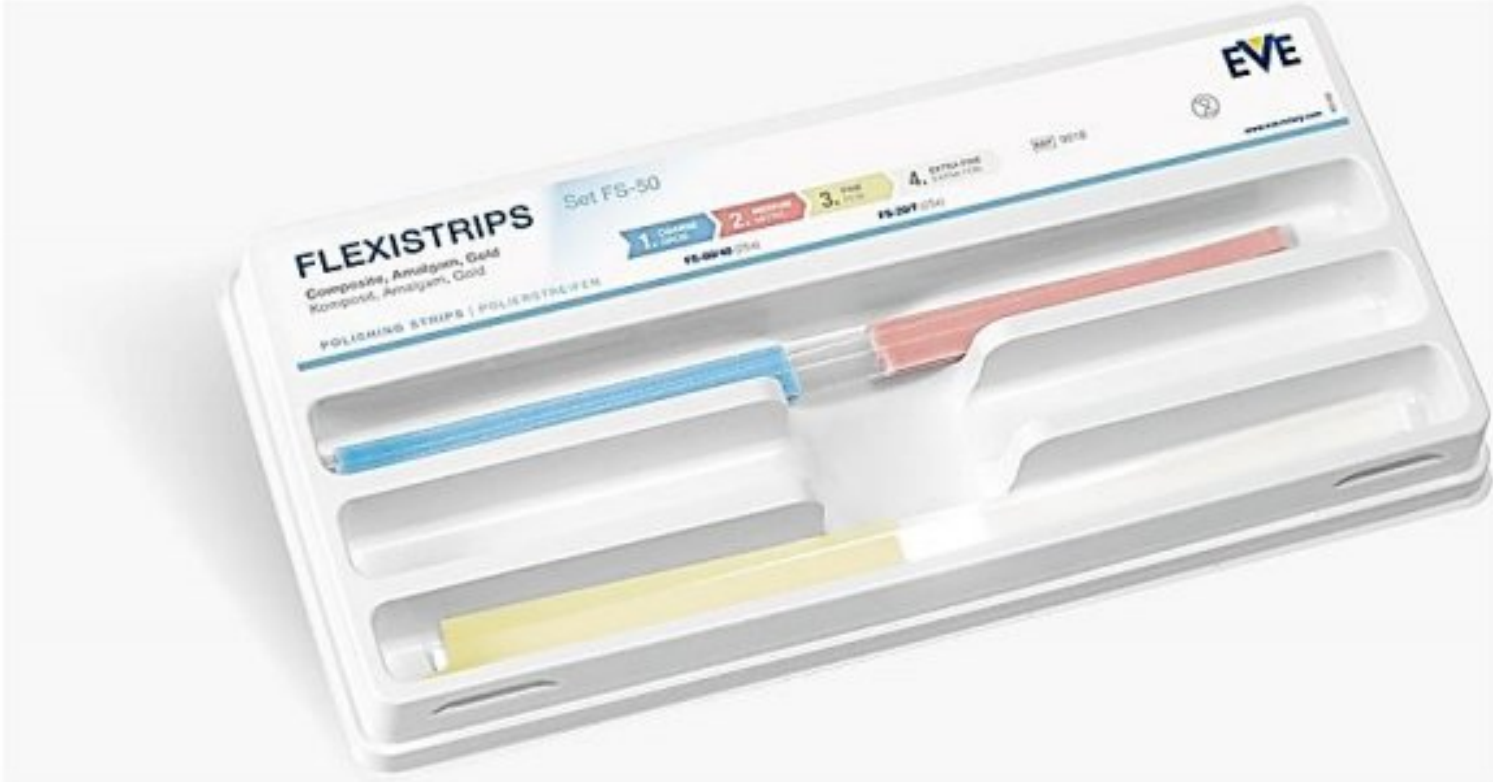

Composite brown/white /blue stain (optional)	
Glycerin gel.	
Celluloid strips	
Bioclear matrices for anterior	

Sectional matrices with different sizes – Ring with v shape tip – Diamond wedges	
Saddle matrix	
360° matrix	

Paddle shape Plastic filling instrument (separate instruments or Composite application kit)	 
Small Ball burnisher	
Composite condenser	

PK thomas carver	
Anatomical burnisher	
Fork type tight contact tool	

Composite Modeling brush (hair or silicon) + Composite modeling resin (Optional)	
Flam shape finishing bur (or Composite Finishing burs kit)	
TR 11.12.13 finishing burs	

Finishing discs Kit	 The image shows a white plastic tray for the EVE FLEXI-D Starter Set 14. The tray is divided into five compartments. The first compartment contains blue discs, the second contains red discs, the third contains a single metal disc, the fourth contains yellow discs, and the fifth contains white discs. The tray is labeled with 'EVE', 'FLEXI-D Starter Set 14', 'Composite, Amalgam, Gold', 'Komposit, Amalgam, Gold', and 'POLISHING SYSTEM / POLIERSYSTEM'. It also includes a diagram showing the steps for using the discs: 1. COARSE GRIND, 2. MEDIUM GRIND, 3. FINE, and 4. EXTRA FINE EXTRA FINE.
Finishing strips	 The image shows a white plastic tray for the EVE FLEXISTRIPS Set FS-50. The tray is divided into four compartments. The first compartment contains a blue strip, the second contains a red strip, the third contains a yellow strip, and the fourth contains a white strip. The tray is labeled with 'EVE', 'FLEXISTRIPS Set FS-50', 'Composite, Amalgam, Gold', 'Komposit, Amalgam, Gold', and 'POLISHING STRIPS / POLIERSTRIPEN'. It also includes a diagram showing the steps for using the strips: 1. COARSE GRIND, 2. MEDIUM GRIND, 3. FINE, and 4. EXTRA FINE EXTRA FINE.
Polishing burs Kit (rubber cups-rubber wheels- rubber points)	 The image shows a white plastic tray for the EVE COMPOSOFIT Set RA 129. The tray is divided into four compartments. The first compartment contains a white rubber cup, the second contains a white rubber wheel, the third contains a blue rubber wheel, and the fourth contains a red rubber point. The tray is labeled with 'EVE', 'COMPOSOFIT Set RA 129', 'Composite - V. graft', 'Komposit - V. graft', and 'POLISHING SYSTEM / POLIERSYSTEM'. It also includes a diagram showing the steps for using the burs: 1. COARSE GRIND, 2. MEDIUM GRIND, 3. FINE, and 4. EXTRA FINE EXTRA FINE.
Polishing paste	 The image shows a syringe of Enamelize Composite Polishing Paste. The syringe is white with a red plunger and a red label. The label features the brand name 'Enamelize' in large black letters, followed by 'A Composite Polishing Paste' and '3 grams'. The syringe is shown against a white background.
